LUXURY VILLA WITH SMASHING SEA VIEWS! The view, the magical mountain world of the Montgo to the rear and the sweeping Bay of Denia on the doorstep, the Mediterranean Sea on the horizon, could not be more diverse or beautiful, even for the most discriminating. This impeccable, first-class condition, lies on the fringe of "civilization", where it is blissfully peaceful and gloriously sunny, yet just a few minutes by car are all it takes to be in the "thick of things".
